MHELRIC B. BANAAG

Web Developer & Commercial Digital Artist

Cavite, Philippines | 0945 512 1351 (+63 945 512 1351) | mhelricbanaag102703@gmail.com
mhelric.vercel.app | github.com/Mhelric | linkedin.com/in/mhelric-banaag | meru_art.artstation.com

PROFESSIONAL SUMMARY

Computer Science graduate (BSCS) proficient in core web technologies (**HTML5, CSS3, Vanilla JavaScript**) and **AI-assisted development workflows**, backed by backend internship experience (**Supabase, PostgreSQL**) and 5 years of commercial digital illustration. Recognized with the **Incub8 Space Excellence Award** for outstanding internship performance and leadership. Combines strong visual design fundamentals with rapid AI-augmented prototyping to build responsive, user-focused web applications.

TECHNICAL & CREATIVE SKILLS

Core Web Fundamentals: HTML5 (Semantic), CSS3 (Grid & Flexbox), Vanilla JavaScript (ES6+, DOM, REST APIs), Responsive UI
AI-Assisted Engineering: AI Coding Assistants, Prompt Engineering, Rapid UI Prototyping, AI-Guided Debugging, Code Refactoring
Stack & Tooling Exposure: Git & GitHub, Vercel CI/CD, Supabase (Auth & Database), PostgreSQL, React, TypeScript, Tailwind CSS, Vite
UI Design & Illustration: Commercial Digital Illustration, Character & Concept Art, UI Visual Hierarchy, Color Theory, WebP Optimization

PROFESSIONAL EXPERIENCE

Incub8 Space — Back End Developer Intern — **Jul 2025 – Aug 2025**
Internship · Backend Engineering & Database Architecture — *Kawit, Cavite (Hybrid)*

- Engineered and maintained backend services, relational database schemas, and user authentication flows using **Supabase** and **PostgreSQL**.
- Collaborated in a hybrid engineering environment to connect backend data layers and REST APIs with frontend web interfaces.
- Awarded the **Excellence Award** (Sep 2025) by OJT Supervisor John Daeniele DG. Satsatin for outstanding technical performance, leadership, and dedication.

TopDeck Studio — Commercial Illustrator — **Jan 2026 – Present**
Contract · Character & Creature Production Art — *Limassol, Cyprus (Remote)*

- Design and illustrate commercial character and creature assets tailored to international studio briefs and production pipelines.
- Collaborate remotely across time zones, delivering high-resolution production artwork on schedule through structured review milestones.

meru_art — Freelance Digital Artist — **Apr 2022 – Present**
Self-Employed · Custom Commissions & Character Design — *Philippines (Remote)*

- Over 4.5 years delivering commissioned character illustrations, reference sheets, and promotional visual assets for international clients.
- Manage the end-to-end client workflow including project scoping, pricing tiers, staged sketch/color approvals, and final asset delivery.

McDonald's (087 Cavite City) & Chowking — Service Crew — **Feb 2025 – Present**
Part-Time Operations & Customer Service (Previously Chowking: Aug 2022 – Nov 2022) — *Cavite, Philippines (On-Site)*

- Deliver fast, accurate customer service and team coordination in high-volume environments while balancing university studies and remote contracts.

FEATURED WEB PROJECTS

Pokédex Web Application | pokedex-app-v01.vercel.app — **JavaScript · HTML5 · CSS3 · PokéAPI · SerpAPI**

- Built an interactive, mobile-responsive Pokédex web app combining **PokéAPI** data with **SerpAPI (Google Lens)** visual recognition to identify Pokémon directly from uploaded or captured images.
- Structured asynchronous API response parsing, string normalization, and graceful loading/error states to match visual search results with official species stats and evolutions.

Developer & Digital Art Portfolio | mhelric.vercel.app — **React · TypeScript · Tailwind CSS · Vite · Vercel**

- Developed and deployed a responsive portfolio utilizing AI-assisted workflows, featuring an interactive live project preview carousel, custom HTML5 canvas grid animations, high-resolution WebP art lightbox, live GitHub contribution heatmap, and direct Web3Forms email integration.

EDUCATION & AWARDS

Cavite State University – Cavite City Campus — **Aug 2022 – Sep 2026**
Bachelor of Science in Computer Science (BSCS) — Software Engineering, Databases & Web Architecture — *Cavite City, Philippines*

Excellence Award — Backend Developer Intern (Incub8 Space) — **September 4, 2025**
Issued by John Daeniele DG. Satsatin (OJT Supervisor) for outstanding internship performance & leadership — *Kawit, Cavite*
